

High Tunnel Maintenance and Repair

Wednesday, June 5, 2024 · 5-7 pm · **FREE**
331 Piedmont Drive, Yanceyville, NC

When growing vegetables in a controlled environment, you need a strong and safe structure for you and your vegetable crop. This workshop will cover the management of a high tunnel and what you will need to do to keep the structure safe and secure. The correct construction and maintenance of a high tunnel can prolong its lifespan. In this workshop, you will learn what construction mistakes to avoid and how to pick out a structure for your operation.
